GIFTS Can Help...

It is a Cooperative effort by and for the people of Grand Island, New York. It is in partnership of our Town, our Schools, our Community, and many Human Services Agencies throughout the county.

Mission

Our mission is to support and promote a strong, wholesome community by providing Grand Island families and individuals with coordinated access to prevention and intervention programs and services.

We Provide

- Information, referral & follow up for individual, family & group counseling
- Parent & community workshops
- Prevention initiatives in our schools and community

Our Goals

GIFTS' goal is to empower individuals and families to meet the daily challenges of life through proper assessment, referrals and follow-up.

The GIFTS Family Support Center is a convenient place to find help with some of life's challenges. You can meet with a staff person to assess your needs. Confidentiality is assured. Based on individual concerns, you will be assisted in linking with the appropriate human service agencies who can offer support, guidance, advocacy and counseling.

Personal Investment in our Grand Island has been our strongest asset.
